

You are **NOT** at the mercy of the insurance companies and you **ARE** entitled to payment of your full policy

****Below is the information you need to dispute your insurance claim****

DO'S and DON'TS

DO

Do keep detailed records of all repairs, letters, bills, and interactions.

Do keep records of who you speak with, including their title, date and time of call, and what was said.

DON'T

Don't sign any releases or cash any checks if you're unsatisfied with your settlement.

Don't sign anything stating you have suffered “flood” damage. (Most homeowners policies do not cover flood damage and this could hurt your claim.)

*****IMPORTANT!*****

Many insurance companies are refusing to pay claims they classify as “flood” damage. **DO NOT ACCEPT THIS RESPONSE!** Your damage may be the result of rain or wind, which is covered under homeowners policies.

(example – the wind may have damaged your roof or windows which caused water damage in your home)

So, You Want to Dispute Your Claim?

Step 1 – Contact your Insurance Company and discuss your problem.

Step 2 – Don't settle for a denial! - ask to speak to a supervisor. Find out what their procedure is for a dispute and file an appeal, or get your case reopened.

Step 3 – If your problem is not resolved, you can either file a complaint directly with the Louisiana Department of Insurance at: 1-800-426-8792 (8-5:30 M-F)

OR at any point you can get free legal advice by calling the **Pro Bono Hotline** 1-800-310-7029 (8-5 M-F)

Step 4 – Only **AFTER** you have completed a dispute process, and have spoken with an attorney, you may enter arbitration. You can request arbitration, which must be paid for by your insurance company, by contacting your insurance company or the American Arbitration Association at 1-800-426-8792 or www.adr.org

Mediation offers a **FREE**, unbiased way to resolve disputes. However, insurance companies will bring an attorney and you should too.
